**By submitting this application, you are consenting to the following release:

In consideration of my participation in the Harmonie Hundred, I hereby waive, release and discharge any and all claims for damages for death, personal injury or property damage which I may have, or which may subsequently accrue to me, as a result of my participation in the Harmonie Hundred. This release is intended to discharge in advance, the New Harmony School, its sponsors, share holder, directors, agents, volunteers and employees from and against any and all liability arising out of or connected in any way with my participation in the Harmonie Hundred, even though that liability may arise out of negligence or carelessness on the part of the persons or entities mentioned herein. I further understand that serious accidents occasionally occur during bicycle riding, and the risks of bicycle riding, nevertheless, I hereby agree to assume those risks and to release and hold harmless all of the persons or entities mentioned herein who might otherwise be liable to me or my heirs or assigns for damages. I also agree to be a safe and courteous rider and I agree to wear a helmet at all times while riding my bicycle.

Harmonie Hundred

Welcome to historic New Harmony. Our town, on the Wabash River, will once again host the Harmonie Hundred.

On Saturday, the route is 50 miles or a 27 mile ride. Lunch and snacks are provided to all riders.

On Sunday, riders can choose between a 50 mile route, 38 mile route, and a 16 mile "Family Ride". All riders will wind through the Harmonie State Park. Please brake for deer! And, stop for brunch at the Park exit.

All of the riding will be on rural, well-paved roads. The routes can best be described as "winding and rolling." No monster hills (except the first mile on Sunday!) The spring flowers and trees will be in full bloom. Maps will be provided at registration.

The Harmonie Hundred is intended to be a tour. Please do not come if you want to race. **HELMETS ARE MANDATORY!**

New Harmony

In 1814, Father George Rapp led a group of German immigrants (called the Harmonie Society) to 30,000 acres on the Wabash River. They built and perfected a cosmopolitan community from the wilderness of the Indiana Territory. In 1824, Robert Owen, a Welsh-born industrialist, purchased New Harmony with plans to create a model community where education and social equality would prosper. His Utopian dream was not fully realized, but his efforts produced pioneering contributions to education, geology, trade schools, and women's suffrage. Many of the original buildings and sites from old New Harmony remain, and are open to the public.

Directions

New Harmony is a 3 hour drive from St. Louis, Louisville, and Nashville, 3.5 hours from Indianapolis, 4 hours from Cincinnati, and 6 hours from Chicago. From the east or west, take I-64 to the New Harmony Exit (4) and follow the signs. From the north, take US 41 to I-64 West, take I-64 to the New Harmony Exit (4) and follow the signs. From the south, take the Pennyriple Parkway to Henderson, Kentucky, and US 41 to Evansville, then take Indiana 66 West to New Harmony.

All for a Good Cause:

Members of the New Harmony community organize and present the Harmonie Hundred. All proceeds from the Harmonie Hundred go to help fund a unique and educational experience for the students of New Harmony High School. Scheduled around a special and historical day, every four years, school staff take the entire student body from New Harmony High School to the Inauguration of the President of the United States in Washington, DC. As a follow-up to pretrip class activities, and while in our nation's capital, students participate in a wreath ceremony at Arlington Cemetery, meet with congressmen and state representatives, tour many federal locations, visit many museums, and conduct a memorial service at the Vietnam Memorial for a former graduate of the high school. On the return trip, students visit Economy, Pennsylvania, the location of the resettlement of the Harmonists after leaving New Harmony.

Single Path Labyrinth

The design you see on back is that of the Cathedral Labyrinth and Sacred Garden, installed in 1997 on North Street in New Harmony near the Atheneum, and blessed by the Rector of the Chartres Cathedral, France, on October 12, 1997. The geometry of the garden is based on the sacred geometry of Chartres Cathedral and the labyrinth is a very close replica of the Chartres Labyrinth. The six realms in the center of the labyrinth are (clockwise from point of entry) the realm of mineral, of plant, of animal, of human, of angelic,

and the realm of the unknown. There are no deceptions with this labyrinth, no tricks or dead ends. The deeper level of a single path labyrinth is to give you the opportunity to look within as you follow the path to the center and retrace your way to the beginning, completing the journey of a walking meditation. You are welcome to visit this sacred place during your stay in New Harmony.
